Anhui University of Science and Technology 2026 Graduate Admission Brochure for International Students

1. About AUST

Anhui University of Science and Technology (AUST) is a key high-level university with distinctive features in Anhui Province. It is a co-constructed university by Anhui Province and the Ministry of Emergency Management of the People's Republic of China. AUST is supported by the Basic Capacity Building Project for Universities in Central and Western China and is a designated university for the Ministry of Education's "Excellent Engineer Education and Training Program". The university operates across two campuses: Huainan Campus and Hefei Campus, covering a total area of nearly 4,000 mu, with a building floor area of 1,079,700 square meters. Huainan Campus is located in Huainan City, a renowned energy hub in China and the birthplace of tofu—a cherished Chinese cuisine. Its convenient transportation offers high-speed rail connections to major cities like Nanjing, Huangshan, Shanghai, and Beijing within 1 to 3 hours. Hefei Campus is situated in Hefei, the capital city of Anhui Province, which serves as a significant national hub for scientific research and education, modern manufacturing, and comprehensive transportation.

Founded in 1945, AUST is the earliest public polytechnic university in Anhui Province. The university currently has over 4,900 faculty and staff (including those from its directly affiliated hospital), with more than 1,000 holding senior professional titles. AUST also engages over 400 high-level experts and scholars as visiting professors. The university boasts 16 national and provincial-level teaching and research teams.

AUST features distinct academic strengths with a focus on engineering, complemented by coordinated development in science, medicine, management, humanities, economics, law, and arts. Its characteristic disciplines include Safety, Advanced Manufacturing, Geology and Mining, Blasting Technology, and Medicine. The discipline of Safety Science and Engineering is the only A-class discipline among provincial universities in Anhui Province. The university comprises the Graduate School, 23 colleges (departments), and one directly

affiliated top-tier (Grade III Level A) hospital. Currently, AUST enrolls 34,500 full-time undergraduate students and over 6,900 postgraduate students. It offers 6 post-doctoral research stations, 7 first-level doctoral degree programs (covering 35 second-level disciplines), 2 professional doctoral degree programs, 23 first-level master's degree programs (covering 119 second-level disciplines), and 14 professional master's degree programs. Five disciplines--Engineering, Chemistry, Materials Science, Environment/Ecology and Earth Sciences--rank among the top 1% globally in the ESI (Essential Science Indicators) rankings.

The university hosts 2 National Key Laboratories and 50 provincial and ministerial-level laboratories and engineering centers. AUST is recognized as a "National Employment Ability Training Base for University Graduates", one of the "First Batch of National Typical Universities for Innovation and Entrepreneurship Experience" (among 50 universities nationwide), one of the "First Batch of National Universities for Deepening Innovation and Entrepreneurship Education Reform" (among 99 universities nationwide), and a "National Typical University for Graduate Employment Experience" (among the top 50 universities).

AUST continuously expands its international cooperation and exchanges, having established long-term and stable collaborative relationships with over 70 universities and research institutions in countries such as the United States, the United Kingdom, Germany, France, Australia, Russia, Poland, Ukraine, Japan, South Korea, Singapore, and Malaysia. International students from 36 countries are currently pursuing doctoral and master's degrees at the university.

2. Candidates

Full-time Master's and Doctoral degree applicants.

3. Duration of Study

Program Category	Duration of Study
Master's Programs	3 years
Doctoral Programs	4 years

4. English-Medium Programs

4.1 Doctoral Programs

Schools	Disciplines
School of Earth and Environment	Environmental Science and Engineering
School of Safety Science and Engineering	Safety Science and Engineering
School of Materials Science and Engineering	Mineral Process Engineering
	Environmental New Materials
School of Artificial Intelligence	Artificial Intelligence
School of Mathematics and Big Data	Information Security Engineering
School of Economics and Management	Management Science and Engineering
School of Public Health	Occupational Health and Safety

4.2 Master's Programs

Schools	Disciplines
School of Earth and Environment	Geological Resources and Geological Engineering
School of Safety Science and Engineering	Safety Science and Engineering
School of Mining Engineering	Mining Engineering
School of Civil Engineering and Architecture	Civil Engineering
School of Mechatronics Engineering	Mechanical Engineering
School of Electrical and Information Engineering	Electrical Engineering
	Control Science and Engineering
School of Materials Science and Engineering	Materials Science and Engineering
	Mineral Processing Engineering

School of Chemical and Blasting Engineering	Chemical Engineering and Technology
School of Artificial Intelligence	Intelligent Science and Technology
School of Computer Science and Engineering	Computer Science and Technology
School of Mathematics and Big Data	Information Security Engineering
School of Economics and Management	Management Science and Engineering
School of Surveying and Mapping	Surveying and Mapping Science and Technology
School of Foreign Languages	International E-commerce Language and Culture
School of Humanities and Social Science	Public Management and Urban Culture
School of Medicine	Immunology
	Pathology and Pathophysiology

5. Chinese-Medium Programs

All the schools listed above also admit international students for programs taught in Chinese.

6. Admission Requirements

Category	Academic Requirements	Language Proficiency	Other Requirements
Master Degree Candidate	Bachelor's degree certificate or equivalent	(1) English is mother tongue or the teaching language in undergraduate years, or the applicant has achieved at least IELTS score 6.5 or TOEFL score 80, or good marks on other official English proficiency tests. Or (2) the applicant has achieved HSK5 or HSK6.	The applicant is in good health and under the age of 30.

Doctoral Degree Candidate	Master's degree certificate or equivalent	(1) English is mother tongue or the teaching language in undergraduate and postgraduate years, or the applicant has achieved IELTS score 6.5 or TOEFL score 80, or good marks on other official English proficiency tests. Or (2) the applicant has achieved HSK5 or HSK6.	The applicant is in good health and under the age of 35.

Note: the Applicant whose mother tongue is not English should provide English language proficiency certificate.

7. Scholarships and Financial Support

7.1 Anhui Provincial Government Scholarship

Admitted international students are eligible for the Anhui Provincial Government Scholarship for International Students. The scholarship provides CNY 50,000 per year for doctoral students and CNY 30,000 per year for master's students.**The application deadline is July 1, 2026.**

7.2 AUST Scholarship

All applicants will have the opportunity to obtain AUST outstanding international students scholarship (not compatible with Anhui Provincial Government Scholarship), including the scholarship of CNY 35,000-50,000 a year for a doctoral degree candidate, and CNY 20,000-30,000 a year for a master degree candidate. **The application deadline is July 1, 2026.**

7.3 AUST Individual Award

Outstanding international students will be presented with AUST Individual Award (CNY 300-4,000/person/year).

7.4 On-campus Part-time Job

International students can apply for on-campus part-time job such as administrator -assistant or research-assistant offered by the international institute or supervisors.

8. Fees &Costs (CNY)

Application Fee		400
Tuition Fee	Master Program	20,000 /year
	Doctoral Program	30,000 /year
On-campus Accommodation	Single-bed Room	3,500 /year
	Double-bed Room	2, 000 /year
Living Expenses		800-1,200/month
Textbooks		About 500/year
Medical Insurance		800/year
Physical Examination		400/year
Residence Permit		800/year

Notes:

1) Only CNY is acceptable.

2) The tuition fees should be paid in lump sum in the first week of each academic year and are generally non-refundable.

3) All international students are required to buy medical insurance at their own expense before the new semester begins.

9. Application Materials

9.1 Completed Application Form for International Students, Anhui University of Science and Technology.

9.2 Notarized highest diploma certificate. Applicants who are currently enrolled students must additionally submit a certificate of enrollment issued by their current institution (Documents not in Chinese or English must be attached with a notarized translation in Chinese or English).

9.3 Notarized academic transcripts (Documents not in Chinese or English must be attached with a notarized translation in Chinese or English).

9.4 A study or research plan in China (no less than 800 words), written in Chinese or English.

9.5 Two letters of recommendation from professors or associate professors.

9.6 A photocopy of the Foreigner Physical Examination Form, completed in English. The original form must be brought to China upon arrival.

9.7 Photocopy of the applicant's passport.

9.8 English proficiency certificate (IELTS, TOEFL, etc.) for English-medium programs, and Chinese proficiency certificate (HSK5 or HSK6) for Chinese-medium programs.

9.9 Bank deposit certificate (equivalent to at least CNY 50,000).

9.10 Payment voucher for the application fee.

9.11 Eight recent passport-sized photos.

9.12 Published papers or achievements, award certificates in sports and arts competitions and contests (including but not limited); Applicants are encouraged to provide a variety of documents and certificates to show their talents and abilities.

10. Application Procedures

10.1 Log in and register at https://is.aust.edu.cn/#/signIn. Submit the application materials online as required, including the payment voucher for the application fee (Application Fee: CNY 400. This fee is non-refundable regardless of admission outcome). The bank transfer details for the payment are as follows:

Account Name: 安徽理工大学

Bank Name: 中国工商银行淮南市洞山支行

Bank Account Number: 1304002709024950996

Swift Code: ICBKCNBJAHI

Address: NO.287 MIDDLE GUOQING ROAD, HUAINAN CITY, ANHUI PROVINCE, CHINA

10.2 After receiving the electronic admission letter, the applicant is required to pay an admission deposit of CNY 2,000, which can be used as part of the tuition fee; After receiving the admission deposit, the school will offer the applicant Visa Application form (JW202) and other documents; The admission deposit will not be refunded if the admitted applicant does not register on the date specified in the admission notice.

(**Note**: the applicant's phone number, email and postal addresses are very important for receiving Admission Letter and JW202)

10.3 Admitted students should apply for a student visa (X visa) at the Chinese Embassy or Consulate in their home country, presenting the relevant documents and materials.

10.4 Admitted students should register on campus at AUST according to the requirements and schedule stated in the Admission Notice.

11. Application Timeline

The application period for admission is from March 1 to July 1, 2026.

Registration on campus is scheduled for early September.

12. Contact Information

Address: International Institute, Anhui University of Science and Technology
No.168 Taifeng Street, Huainan, Anhui, 232001 P. R. China
